VOLUME XXI—NO. 100 CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA, FRIDAY, OCTOBER 1, 1920 TWO CENTS

CIVIL WAR VETERANS TO HOLD REUNION IN CHARLEROI

Surviving Members Of Co. D., 79th Pennsylvania To Meet Here

DINNER AT HOTEL WELLINGTON

The surviving members of Co. D, Pennsylvania Volunteer Infantry, will hold their annual reunion at the Hotel Wellington, Charleroi, on Friday, October 8th. In the evening the 58th anniversary of the battle of Perryville, Ky., which took place in 1862, and in which the regiment took such a conspicuous part.

These reunions have been held heretofore in Monongahela where the Company was organized in 1861, but this year, Lafayette Culbertson, of Lock Four, who is the president of the Co. D. Association, requested that the gathering be held in Charleroi, and his request was granted. The reunion will be a somewhat informal affair, for their are only ten surviving members, a dinner at 12 o'clock being one of the features, to be followed possibly later by a short automobile ride and a business session.

Company D was organized on the 16th day of September, 1861, having succeeded Company C of the 12th Pennsylvania, three month's organization, which did guard duty at Washington. During this three month period the Company was in command of Capt. R. F. Cooper, who left the service when the term of service had expired. The men in the Company, however, again responded to the call of President Lincoln, and under Capt. John McBride reorganized and enlisted for three years or duration of the war. Brisbin Wall was first lieutenant, and J. DeV Hazzard second lieutenant. The Company was sent to Lancaster, Pa., where it was attached to the 79th under Col. Hambright, who had raised nine companies among the Pennsylvania Dutch in that section. The regiment later was sent to Louisville, Ky., and from that time on until the end of the war took part in all of the campaigns with the army in the west. It was with Sherman on his march to the sea, and was finally mustered out at Bentonville, N. C., after the fall of Richmond, the members coming home by way of Washington City.

When the Company left Monongahela on that bright September day in 1861 it numbered 101 men, many of whom were lost in the various battles in which the organization took part, and many of them wounded. Time, however, has been the great reaper, until at the present time only ten of the original members are left. These men will meet in Charleroi next week to again recall and recount the days they spent together during the Civil War.

When Company C, 12th Pennsylvania, was organized, and which later became Co. D., of the 79th, it was said to be the first military company to leave Washington county to respond to thecall of President Lincoln for 75,000 men to serve for a period of three months. While the service of Co. C was not arduous, it served to show the spirit which actuated the men, and which later found expression in the organization of Co. D, the only organization outside of Lancaster county to be a part of the 79th regiment.

While the men of Co. D are holding their reunion in Charleroi the other surviving members of the regiment will be meeting in Lancaster, also in reunion, where they will be reviving the memories and the friendships of almost sixty years ago.

ACQUITTED OF KILLING AN ALLENPORT MAN

Frank Wolinski, a former policeman of Pittsburg, charged with having killed Ray Ridgeway of Allenport, was acquitted in the Allegheny county criminal court on Thursday. Ridgeway was fatally hurt June 23, 1918, a few minutes after his automobile backed down the hill of the South Eighteenth street extension and through the front porch of Wolinski's home. It was testified that Wolinski struck Ridgeway, but the accused man declared Ridgeway fell, striking his head on the pavement.

LIENS ARE ENTERED FOR TAX ON WHISKEY

Three notices of tax liens under the internal revenue laws, for taxes on whiskey that is or was in possession of parties in this county have been filed with the prothonotary at Washington. The notices are filed pursuant to an act of congress of March 14, 1913. These taxes remained unpaid and under the law they, with all costs, etc., became a lien on the property of the parties delinquent in the payment of taxes. The names of the delinquents are:

The Vandergrift Distilling Co. Inc., Fredericktown, the tax that is due being that on "spirits stolen from the warehouse." The amount of the tax is $24,776.29.

E. Fred Emery, Millsboro, "spirits stolen from warehouse," and amount due. $7,526.75.

Louis Shinda and Mrs. Janet Marks Fallowfield township, near Monongahela. "illicit distilling," amount due $1,051.20.

LOCAL BOXER WILL APPEAR IN McKEESPORT

Joe Larue, of Charleroi, and Johnny Ward, of McKeesport, are ready for the gong which will send them into action tonight in their 10-round bout before the Majestic Club in the Palisades roller rink at McKeesport. It is expected that quite a numer of local followers of the boxing game will attend the exhibition.

The Retail Clothing Association announces that prices of men's clothing "are coming down" but as usual puts the promised decline off one more season.

NO REDUCTION IN DODGE BROTHERS CARS

Official confirmation of press dispatches from Detroit announcing there would be no reduction in the price of Dodge Brothers Motor Cars has been received by Guy Woodward, the Dodge Brothers dealer in this city. A telegram from C. W. Matheson, acting general sales manager to the local dealer, reads:

"Dodge Brothers policy has ever been to give full value for the price asked. There will be no reduction in the present prices of Dodge Brothers motor cars. Newspaper reports to the contrary are absolutely untrue."

"Dodge Brothers announcement was no surprise to us," said Guy Woodward. "In fact it is only a substantiation of Dodge Brothers business principles. At no time have they ever demanded an excess amount for their product. As in the past, they will continue in the future to demand a fair return for their efforts."

"The mere fact that the demand for Dodge Brothers motor cars is still greater than the supply, despite the great expansion program at the factory, has absolutely nothing to do with the decision to continue the present prices In marketing their car Dodge Brothers have never made a point of price and will never sacrifice the quality of their product to enter price competition." 100t1

PRESENT "SPELL" A TROPICAL STORM

The present spell of weather is a tropical disturbance first reported by the weather bureau as centering in the Gulf of Mexico. It moved in a north-easterly direction and last night was reported off the New Jersey coast. The gales encircling it, the weather bureau stated, extended along the entire Atlantic coast from New England to Cuba. Weather conditions along the track of the storm were unusual. The bureau reported that the temperature in a number of gulf States on Thursday was lower than recorded in any previous September. There were frosts as far south as Oklahoma in the plains States.

NEW CONCRETE TOP AT LOCK 5 ABOUT FINISHED

The new concrete top on the dam at Lock No. 5, which will raise the pool level a couple of feet, is about completed. When all this work is finished and the pool filled to the new stage, it will permit transportation companies to load their barges to a heavier draft, something they have desired for many years.

FORTNIGHTLY TALKS ON THE PROFESSIONS

Prof. C. C. Lively, principal of the High school has arranged for a series of Fortnightly Talks to be delivered in the High school auditorium before the pupils of the High school with a view of presenting the various phases of the different professions. These talks will be given on a Friday morning every two weeks, with the object of assisting pupils in the selection of their life calling.

The first of these talks was given this morning by Rev. F. C. Lake, pastor of the First Christian church his subject being "The Ministry." His address showed that while the financial compensation of this calling was not excessive, at the same time there were other features which made it work which called for the best efforts of those who assumed its duties. He made an earnest plea for young men to enter the ministry, because the need at this time is greater than ever.

Two weeks from today Dr. H. J. Repman will speak on the medical profession, and in turn other well known speakers will present other callings. The public is invited to attend.

EPIDEMIC DUE TO CONTAMINATED WATER

State sanitary engineers, who investigated sanitary conditions at Bentleyville, where a typhoid fever epidemic prevails at the present time, believe the epidemic to have been caused by a spring on the property of Herbert H. Hertzog, cashier of the Farmers and Miners National Bank, which became contaminated with sewage. Mr. Hertzog's son Herbert, Jr., was one of the first to be taken with the disease and so far the only fatal one. Most of the cases are said to be in the district surrounding the Hertzog property. The spring at the school house was condemned on Thursday. Samples of all sources of water in the town are now being tested and condemnation of more wells is expected.

TOMORROW THE LAST DAY FOR PAYING TAXES

Voters who expect to cast ballots for president at the election November 2 must pay their taxes, if not already paid, on or before tomorrow, Saturday. Voters who have not paid taxes by that time cannot vote in November. This applies to all voters, men and women, except those who are voting for the first time on age.

FIRE PREVENTION DAY TO BE OBSERVED ON SATURDAY NEXT

BENTLEYVILLE TO VOTE ON PROPOSED BOND ISSUE

On the general election day, November 2nd, the electors of the borough of Bentleyville will pass upon the question of increasing the indebtedness of the school district by the sum of $85,000. This amount will be represented in bonds, the proceeds of which will be utilized in the erection, completion and equipping of a new school building to take the place of the one destroyed by fire last spring. The total valuation of the borough is $1,245,-080, while the present debt of the school district is $17,000.

TO SEND "REDS" BACK TO RUSSIA

John Sergience and Mike Chestikoff, two Donora Russians, who were arrested in that borough by local officers several months ago, are likely to be deported to the land of the Bolsheviki, following a hearing given them by Department of Justice officials at the office of Sheriff Alexander Gray at Washington a few days ago.

At the hearing, which was conducted by Lieut. Adam Yankovitch, of the United States Army, and a number of Department of Justice officials including an attorney for the department, it was brought out that Sergience was arrested in Donora on June 2nd last, after having been seen distributing copies of an anarchist paper called "Volna," among Russians in that borough. When arrested 50 copies of the publication which advocated the overthrow of the United States government by violence and the substitution of a Soviet regime here, were found in his room. He was turned over to federal authorities and locked up.

On August 2nd, Chestikoff, known to have been a confident of Sergience, was arrested on the streets of Donora with a suit case in his hand. The suit case was filled with copies of "Volna" and he too was turned over to the Department of Justice.

Evidence was submitted at the hearing held at the county seat to prove that Sergience had distributed the publication among thecoal miners of Bentleyville and Ellsworth, and equally damaging testimony was placed against Chestiffoff.

The Department of Justice officials are in Donora today to examine a number of local witnesses after which a recommendation will be made to the department. Officials stated that deportation would likely follow the hearing.

In Line with Campaign now Under Way To Make Pennsylvania Fireproof

AN EFFORT TO AROUSE PUBLIC

Fire Prevention Day will be observed throughout Pennsylvania on Saturday, October 9th. The campaign to "Make Pennsylvania Fireproof" now being waged by Major C. M. Wilhelm, chief of the Bureau of Fire Protection, of the Department of State Police, will be given additional emphasis on that occasion.

In an effort to arouse the public to the magnitude of fire waste in this State, and induce them to take more interest in the subject of fire prevention, the Bureau of Fire Protection has arranged a special program for that day. Property owners and tenants are urged to make examination of the premises with the view of removing and properly disposing of waste, accumulations, and immediately arranging for the correction of fire hazards.

Short talks by employers to employees on the subject of fire prevention and protection are advocated by the Bureau officials. It is also suggested that fire drills be observed in institutions, factories and other establishments. Inspections of fire departments is among the activities set forth in the program for the day.

School children will have the lesson of fire prevention impressed upon them the previous day. Brief talks will be given them on the subject, they will be asked to write essays and will participate in fire drills.

Illustrating the evils of fire and the resultant ruin and devastation in this State, the Bureau has compiled statistics which show the fire losses in Pennsylvania during the past seven years, much of which could have been prevented with due care and precaution.

UPHEAVAL IN ITALY

The news comes from Italy that an industrial revolution of a more or less Bolshevik character is by way of accomplishment through more or less peaceful means. That is to say, a war-threatening labor element has been allowed by a passive, on-looking government to have its will. Some time since the workers seized the plants in the metallurgic centers and announced their intention of holding them by force and conducting them as their own. They went so far as to arm the workers and convert the plants into military fortresses ready to meet attack. As no attack has been made, the workers are still in control of the plants, and their example has been followed by 30,000 of their comrades in another part of Italy. It is further reported that peasants are seizing lands and that food factories are being "taken over."

According to some reports the Italian government will sanction the passing of the metal industry and all other factories into the hands of the Communists, and that Italian employers "have decided to bow to the inevitable," hoping that in the eventual settlement Parliament will compensate them." According to other reports the insurgent workers have "agreed to leave the plants contemporaneously with the payment of wages due them," that the amount to be paid is a subject of controversy and that the employers still insist on their right to engage new men to take the place of unsatisfactory employees. Just what the exact situation is and what the issue will be remains to be seen. Meanwhile it is pretty safe to conclude that the revolt of labor and the spread of radicalism have gone so far in Italy that both the capitalists and the government see imperative need of revolutionary concessions.

TWO-CAR TROLLEY TRAIN ON DONORA LINE

Receivers Charles A. Fagan, S. L. Tone and W. D. George, of the Pittsburg Railways company, with a party of operating officials, on Thursday made an inspection trip to Donora on a new two-car train, which it is proposed to introduce on the Donora line, where thetraffic has grown so heavy of late. The train was pronounced a success and it is said will be made a permanent feature of the service.

The train is an innovation in that there are two cars each of the regulation large size used on the suburban lines and each equipped with a motor, although there is only one motorman, one motor being reserved for emergency.

A few days ago the officials of the Pittsburg Railways experimented with an excess run from Pittsburg to Washington, the trip being made in little over an hour It is intimated, although not officially that such a service may be established between the county seat and the city

UNITED STATES OFFICERS MAKE INSPECTION TOUR

Major General Lansing H. Beach, chief of engineers, U. S. A., accompanied by W. R. Williams, assistant secretary of war, and Colonel John S. Fair, executive assistant to Mr. Williams, were scheduled to arrive at Lock No. 4 this morning on a tour of inspection. At this point the party was to board the steamer Swan, for a trip to Pittsburg to inspect the various government improvements. On Thursday the party made inspection trips to Natrona on the Allegheny and to Emsworth on the Ohio.

Among the wonders of the campaign not the least is the silence of the ever-ready Bryan.

DONORA INCENDIARY SAID TO BE INSANE

Wednesday afternoon and night several Donora physicians talked with Frank Karma, now in the Donora lockup suspected being the one responsible for Donora's series of incendiary fires of Monday night last, and all believe him to be suffering from a form of insanity which is considered of a dangerous nature.

Karma, when questioned concerning the fires, seemed to make any kind of a reply that came into his mind. "If I say I did it, maybe I did," was one form of an answer that he made. To others he denied ever having been in Donora on Monday night. Many times during the day he asked to be sent to the "crazy house," as he was "hurt in the head," and once demanded that an officer take him down and throw him off the bridge.

Citizens of Webster stated that Karma's condition has been long known on the Webster side of the river and that he should have been locked up by the Westmoreland county authorities at least a year ago At that time a Webster physician, after observing him for some time, stated he was suffering from dementia precox, a type of intermittent insanity, and that he might become violent at any time This form of insanity causes the sufferer to do violent acts periodically, the mania at times being to kill at others to steal and as in the present case to set fire to property Many residents of Webster have for some time been in terror of him and he is known to many by the name of "Dynamite Joe."

The number of persons who "just missed" being near enough to be killed in the Wall street explosion is so great that the anarchist plotters must feel profoundly discouraged.

Not only hard corns and not only soft corns but every kind of corn surrenders to "Gets-It," the national corn remover. It takes weeks or months to grow a corn. It takes just a few seconds to stop its pain with two or three drops of "Gets-It." Quickly it loosens so you can peel it right off without the least twinge or hurt, and it is gone!

"Gets-It," the never failing, guaranteed, money-back corn remover, costs but a trifle at any drug store. Mfd. by E. Lawrence & Co., Chicago.

Sold in Charleroi and recommended as the world's best corn remedy by F. J. John.

SUGAR

in 25 lb. sacks

16c a lb. at Car
16½c lb. Delivered

Through special arrangement with the Refiners we will be able to place a number of 25 lb. sacks on the car which is soon due.

The sugar in such quantities will be disposed of subject to conditions stipulated in former advertisements.

We wish it understood that this Car will contain nothing but the PUREST GRANULATED CANE SUGAR OBTAINABLE--not a medium grade BEET SUGAR.

We wish to announce further that this sugar is being purchased on a declining market and that the price quoted above is subject to decline in the New York market. Those having made deposits with us will be refunded every cent over and above a CENT AND A HALF MARGIN for handling F. O. B. New York. Out of this margin we must pay freight, delivery charge, and all incidentals.

THE CONSUMERS CORPORATION is here to serve the people of this community and assist, in every way to reduce the Cost of Living. Please signify your intention to co-operate in this work by making reservations for delivery of Sugar. It can be obtained in lots ranging from 25 lbs. up.
